## DETAILED ACTION

### *Response to Amendment*

1. The reply filed on December 22, 2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): In the Office action of December 6, 2004, Applicant was notified that a reply must “include an identification of the species that is elected . . . and a listing of all claims readable thereon” (emphasis added). In Applicant’s reply, Applicant elected Species I and stated that “Claims 1-15 and 17-20 are directed to Species I.” This would indicate that only claim 16 is *not* readable on Species I. However, Applicant later stated that “claim 16 is a generic method claim,” which would make it readable on Species I. Further, Applicant stated that claims 2-15 “include the limitations of Species II-V,” which would indicate that those claims are *not* readable on Species I, even though Applicant earlier stated that they were. Therefore, it is unclear which claims Applicant believes are either generic or readable only on Species I. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
